

DEPARTMENT OF THE NAVY

CHIEF OF NAVAL OPERATIONS
2000 NAVY PENTAGON
WASHINGTON, DC 20350-2000

Canc: Mar 2000
IN REPLY REFER TO
OPNAVNOTE 1533
Ser N7/9U637153
8 April 1999

OPNAV NOTICE 1533

From: Chief of Naval Operations
To: All Ships and Stations (less Marine Corps field addressees not having Navy personnel attached)

Subj: 2000 NAVAL RESERVE OFFICERS TRAINING CORPS (NROTC)
SCHOLARSHIP PROGRAMS

Ref: (a) MILPERSMAN 1533-010 and 1533-020
(b) 2000 NROTC Bulletin
(c) OPNAVINST 6110.1E

Encl: (1) List of NROTC Host Universities by State
(2) Statement of Financial Responsibility
(3) Two-year NROTC Scholarship Application Letter Format
(4) Brief Sheet (detach and utilize as appropriate, then destroy)

1. Purpose. To solicit applications from active duty enlisted members for the 2000 Naval Reserve Officers Training Corps (NROTC) Navy-option Four-Year and Two-Year Scholarship Programs and to publicize current eligibility requirements and application procedures.

2. Background

a. The purpose of the NROTC Navy-Option and Nurse Corps Option Scholarship Programs is to educate and train well-qualified young men and women for careers as commissioned officers of the U.S. Navy Unrestricted Line (URL) and Nurse Corps. Initial appointment of NROTC graduates is in the grade of Ensign, United States Naval Reserve.

b. The Four-Year and Two-Year NROTC Scholarship Programs (including the NROTC Nurse Corps Four-Year and Two-Year Scholarship option) provide qualified students with tuition, books, instructional fees, uniforms, and a subsistence allowance of \$150 per month. Room and board expenses are not provided. Enlisted personnel selected for and enrolled in NROTC Scholarship Programs are released from active duty and are not eligible for active duty pay and allowances, medical benefits, or other active duty entitlements while in these programs.

8 April 1999

c. To be eligible for a commission, scholarship students must successfully complete naval science courses, drills, and summer training prescribed by the Chief of Naval Education and Training (CNET) prior to graduation from college. Selectees must attend classes full-time during the academic year.

3. Basic Eligibility Requirements. As established by reference (a), an NROTC scholarship applicant must meet the following eligibility requirements, of which only the age requirement may be waived:

a. Be a U.S. citizen.

b. Be under 27 years of age on 30 June of the year in which eligible for commissioned status. An age waiver may be granted for prior active military service, on a month-for-month basis, computed as of 1 September of the year of enrollment in NROTC, provided the applicant will not reach his/her 30th birthday by 30 June of the year in which graduation and commissioning are anticipated. Command verification of service must be provided to receive an age waiver.

c. Be a high school graduate or possess an equivalency certificate.

d. Be physically qualified for the NROTC Program as determined by the Department of Defense Medical Examination Review Board (DODMERB).

e. Possess personal qualities of high moral character and loyalty. Loyalty is defined as having no moral obligations or personal convictions which would prevent conscientiously supporting and defending the Constitution of the United States against all enemies, foreign and domestic.

f. Have no court-martial conviction or civilian felony conviction. Have no record of disciplinary action under Article 15, Uniform Code of Military Justice (UCMJ), or conviction by civil court for misdemeanors (except minor traffic violations) during the 3 years preceding application for the NROTC Program. (A fine of \$200 or less, exclusive of court charges, is considered minor.) Any substantiated drug abuse while in an enlisted status will result in disqualification. Exceptions will not be considered.

4. Four-Year NROTC Scholarship Program

a. Additional Eligibility Requirements

(1) Applicants must qualify in competition based on Scholastic Aptitude Test (SAT) or American College Test (ACT) scores. As a minimum, the following scores from a single test

8 April 1999

are required: SAT, verbal 530 and mathematics 520; or, ACT, English 22 and mathematics 22. The SAT or ACT tests may be taken through the national testing program or through Defense Activity for Nontraditional Education Support (DANTES). Scores from tests taken on or after 1 January 1997 may be submitted. SAT or ACT scores can be "regular" (no extra fee) released up to 5 November 1999 directly to Commander, Navy Recruiting Command (COMNAVCRUITCOM), from the testing agency by marking release code 0656 on the test registration form or the additional report request form. Tests administered through DANTES should be taken before October 1999 in order for scores to be available in time for the 2000 NROTC Scholarship Program. The deadline date for the receipt of "rushed release" (extra fee) SAT or ACT scores is 30 December 1999.

(2) Applicants must have less than 30 semester hours or 45 quarter hours of college work completed by the fall of 2000.

b. Application Information and Procedures. All processing of applications for the Four-Year NROTC Scholarship Program is accomplished at Navy recruiting district processing stations. Full details of the Four-Year NROTC Scholarship Program, including a list of participating colleges and universities, are contained in this instruction and reference (b).

(1) A Four-Year NROTC Scholarship Program applicant must complete the NROTC Applicant Questionnaire located in the back of reference (b) and mail to ensure a postmark not later than 1 January 2000. Reference (b) can be obtained from the Command Career Counselor, local Navy recruiter, or by calling COMNAVCRUITCOM at 1-800-USA-NAVY.

(2) An age waiver request, if required, is to be submitted with the Applicant Questionnaire stating the applicant's Active Duty Base Date, Expiration of Active Obligated Service (EAOS), and actual or anticipated discharge date if different from EAOS. Dates provided must be verified by the applicant's command.

(3) On the Applicant Questionnaire, members must specify to which recruiting station they will report for processing if they are designated selection board eligible.

(a) Personnel unable to meet scheduled processing appointments must contact their designated recruiting districts for further advice regarding alternative methods of completing the required processing.

8 April 1999

(b) Deploying units with anticipated dates of return to their homeports later than 15 December 1999 should encourage their applicants to take the college board test (SAT or ACT) and complete all NROTC Scholarship application processing before departure from homeport.

(c) Commands located overseas for the entire NROTC processing cycle (15 April 1999 - 31 January 2000) should provide early notification of any unique processing difficulties to COMNAVCRUITCOM (Code 314), 5720 Integrity Drive, Millington, TN 38054-5057 and the appropriate recruiting district.

(4) Upon determination that all eligibility requirements have been met, an applicant will be notified of selection board eligibility and further application processing requirements. To expedite processing, eligible personnel should provide copies of their high school transcripts, college transcripts (if applicable), and birth certificate as early as possible. When designated selection board eligible, the applicant must complete final application processing through the designated Navy Recruiting District. Four-Year Scholarship applications must be mailed in time to arrive at COMNAVCRUITCOM by 31 January 2000.

(5) In addition to the basic NROTC Scholarship application, the following documents are required with all active duty Four-Year Scholarship application packages.

(a) Commanding officer's endorsement which must include the following:

1. Statement as to whether the applicant should be selected for the NROTC Scholarship Program. Commanding officers should recommend only candidates who meet high standards of character, patriotism, sense of duty, personal conduct, and financial responsibility.

2. Evaluation of applicant's leadership potential and motivation.

3. Statement that the applicant's record has been reviewed and found free of disqualifying military or civil offenses.

4. Statement that the applicant has been counseled about the financial limitations of the NROTC Program.

5. Evaluation of applicant's ability to handle a college curriculum, including calculus and calculus-based physics (biological science for nurse candidates), and basis of that evaluation (high school performance, college courses taken, Navy school performance, etc.).

8 April 1999

(NOTE: Completion of the commanding officer's endorsement by a division officer, department head, executive officer, etc., is not acceptable. Unacceptable or incomplete applications will be returned to the command without consideration.)

(b) Certified copies of last two observed evaluations. Copies of not-observed evaluations are not required.

(c) Certified copy of Page 4 of the enlisted service record.

(d) Certified copy of Page 9 of the enlisted service record.

(e) Reproduced copy of the Risk Factor Screening/Physical Readiness Test Results form (OPNAV 6110/2) which contains results from the last two tests taken. Reference (c) applies.

(f) Statement of financial responsibility. Use the format provided as enclosure (2).

(6) The "Other Official's Evaluation of Applicant" form (CNET 1533/93) must be completed by the applicant's commanding officer. The form is page 21 in the Application Forms Booklet sent to all eligible Four-Year applicants. However, the "Math/English Teacher Evaluation of Applicant" form (CNET 1533/88), pages 17 and 19 in the NROTC Scholarship Programs Application Forms Booklet, may be completed by either the applicant's high school math and English instructors or the division officer and department head in the applicant's chain of command.

(7) Application and acceptance at an NROTC host institution is the applicant's responsibility. However, since the number of scholarships to each NROTC host university are limited, ACCEPTANCE BY AN NROTC UNIVERSITY DOES NOT GUARANTEE ASSIGNMENT TO THAT UNIVERSITY. Accordingly, it is highly recommended that applicants apply to more than one of their desired universities. Assignment to a university other than the selectee's first choice may be made, if considered in the best interest of the Navy or the selectee. Nurse Corps option selectees must gain admittance to an NROTC-affiliated university which offers an NROTC Program-approved Baccalaureate of Science Degree in Nursing (BSN) Program. Admission must be received before the scholarship can be activated. Since many universities require applications be submitted in early fall, applicants should be aware of individual university requirements and submit applications accordingly. In any case, applications to desired colleges and universities should be submitted no later than 1 December 1999, and earlier if required by the university.

8 April 1999

(8) The names and addresses of applicants selected for scholarships will automatically be provided to DODMERB. DODMERB will contact each applicant to schedule a time and location for a physical examination. A DODMERB certification of physical eligibility is required before a scholarship can be activated.

(9) Notification of the selection results of all active duty nominees will be made not later than 30 April 2000.

5. Two-Year NROTC Scholarship

a. Additional Eligibility Requirements

(1) Two-Year Scholarships are provided to students who will be beginning their junior year of college at an NROTC college or university, or beginning their fourth year if participating in a 5-year curriculum. Proof of acceptance into junior year standing by an NROTC host or crosstown college or university must be submitted with the application package. Nurse Corps option applicants must be accepted into an NROTC Program-approved BSN nursing program at a participating NROTC or crosstown affiliated university.

(2) Have completed at least 2 years of college (or 3 years of college if enrolled in a 5-year program) with a C+ average or better (2.5 GPA on a 4.0 scale) before attending the NROTC Program (CNET OTE6/084) Naval Science Institute (NSI). See paragraph 5b(5).

(3) Have completed 1 year of differential and integral calculus of one real variable with grades of C or better (2.0 GPA on a 4.0 scale) prior to enrollment at NSI. The requirement for completed calculus will not be waived. Additionally, scholarship students will be required to complete a minimum of 1 year of calculus-based physics covering the classic fundamentals of magnetism and electricity prior to commissioning. (Calculus and physics are not required for Nurse Corps option.)

b. Application Information and Procedures. This section contains full details of the Two-Year NROTC Scholarship Program. A brief description is also provided in reference (b).

(1) A Two-Year NROTC Scholarship Program applicant must complete all application requirements and mail to Chief of Naval Education and Training, Code OTE6/081, Attention: NROTC Two-Year Scholarship Selection Board, 250 Dallas Street, Pensacola, FL 32508-5220. The deadline date for receipt of completed Two-Year Scholarship applications is 15 March 2000.

(2) Active duty applicants who are within reasonable distance of an NROTC unit should submit their application through that unit. A list of universities hosting NROTC units is attached as enclosure (1). If an applicant must apply through his/her command, Code OTE6/0811 will administratively assign an NROTC unit to provide processing assistance.

(3) Two-Year NROTC Scholarship Program applications shall consist of the following documents and be assembled in the order listed below. The application file will be fastened together with a 2-inch capacity Prestrong or ACCO paper fastener.

(a) Commanding officer's endorsement. See paragraph 4b(5) (a).

(b) Letter of application. See enclosure (3) for format.

(c) Official transcripts of all college work completed, reflecting all grades. Two official copies of each transcript should be obtained, one for inclusion in the application and one for filing in the applicant's enlisted service record. Transcripts must bear both the signature of the registrar or designated representative and the raised seal of the educational institution.

(d) Documents specified in paragraphs 4b(5) (b) through (f).

(e) Certified copies of all Page 13 entries from current enlistment.

(f) Interviewer's Appraisal Sheet (NAVCRUIT 1100/13). Minimum of two, original of each. Appraisal sheets should be typewritten or legibly handwritten. These sheets should not be given to the applicant.

(g) Letter of acceptance to an NROTC college or university as a junior in a specific major.

(h) Course outline of all courses to be completed prior to NSI (if currently enrolled).

(i) Degree Completion Plan - academic planning schedule to complete degree requirements within 2 years.

(j) Questionnaire for National Security Positions (SF 86). A "yes" answer in block 17 must be explained.

(k) Proof of U.S. citizenship: a certified copy of birth certificate, a Verification of Birth Form (DD 372), or commanding officer's certification of personal sighting of

8 April 1999

citizenship on the applicant's original naturalization papers. Send certified copies only; documents submitted will not be returned.

(1) Any other documents considered pertinent to the selection process.

(4) Applicants selected for the Two-Year Scholarship Program must have completed a DODMERB physical and be determined physically qualified or waiverable for the NROTC Program before orders will be issued to attend NSI. The NROTC unit processing an applicant's application will provide assistance in scheduling a DODMERB physical. Applicants processing their applications at their commands should contact CNET (DSN 922-2055 ext. 320 or commercial (904) 452-2055 ext. 320) for assistance in scheduling their DODMERB physicals.

(5) All physically qualified Two-year Scholarship selectees must successfully complete NSI at Newport, Rhode Island in the summer before their junior year to receive the scholarship. NSI is a 6-1/2 week course of instruction in naval science and drills similar to that required of NROTC students during their freshman and sophomore years. NSI convenes in June 2000.

6. Selection Board Evaluation. NROTC Scholarship selection boards evaluate each applicant in two general areas. The selection board will first evaluate the applicant's potential as a future naval officer. Factors considered include professional performance while on active duty, leadership positions or positions of responsibility held, command comments, and the personal statement. The selection board will then evaluate the applicant's academic potential. It will specifically evaluate the applicant's ability to complete a year of calculus and a year of calculus-based physics, which are required before graduation (Nurse Corps option applicants excepted). Factors considered will be past academic performance as reflected in high school and college transcripts, Navy technical school performance, teacher or instructor comments, and performance on the SAT or ACT. Additional information which may explain or offset any weaknesses in the above areas should be provided with the application.

7. Transfer Policy. Candidates for NROTC who receive permanent change of station orders for execution subsequent to the NROTC application deadline should not be transferred until officially notified of selection or nonselection to NROTC. If a transfer directive is received, the commanding officer shall notify the orders originating authority that the individual has applied for NROTC and that orders (cite Transfer Code number) are being held in abeyance until notification of selection or nonselection is received. If the applicant is selected, the commanding officer shall notify the orders originating authority that the individual

8 April 1999

has been selected and that the orders are considered canceled. If the applicant is not selected for NROTC, the command should transfer the individual and notify the orders originating authority that the orders have been complied with, referencing the previous correspondence which held the orders in abeyance.

8. Active Duty Obligation. Enlisted members who are selected for NROTC Scholarship Programs will be issued orders from their present duty stations to the appropriate NROTC units (via NSI in the case of Two-Year Scholarship selectees). After reporting to their units, scholarship recipients will be released from active duty and appointed Midshipmen, U.S. Naval Reserve. Selectees shall further agree to accept appointments, if offered, as commissioned officers upon successful completion of the program.

a. Members selected for the Four-Year Scholarship Program must have at least 36 months of active obligated service remaining as of the date they report to their NROTC units or extend their enlistments by the number of months necessary to meet the 36-month requirement.

b. An Enlisted Navy Career Options for Reenlistment (ENCORE) quota is not a requirement for officer accession programs. Selectees to officer accession programs do not need to request ENCORE reenlistment or extension quotas in order to acquire the necessary obligated service for those programs.

c. Members who enter NROTC Scholarship Programs from active duty and disenroll prior to entering their sophomore years will be ordered back to active duty to fulfill the unexpired terms of their enlisted commitments.

d. If disenrolled from the NROTC Scholarship Program after commencement of their sophomore year, members may be ordered back to active duty or, at the Secretary of the Navy's discretion, be ordered to reimburse the United States for educational expenses.

e. Upon successful completion of the NROTC Scholarship Program, the minimum active commissioned service requirement is 4 years. Members who do not complete this obligation may be required to reimburse the United States for educational expenses.

9. Information

a. NROTC Nurse Corps option selectees must sign a Page 13 entry before executing orders to their NROTC unit, acknowledging that they have been selected for the Nurse Corps option only and that they may not transfer their scholarship benefits to the regular NROTC or Marine Corps option scholarship programs.

8 April 1999

b. Montgomery G.I. Bill benefits are available to eligible individuals who qualify by the date of fall matriculation at the university. Eligible individuals who do not qualify by reason of insufficient time in service will not be granted an extension on active duty in order to gain Montgomery G.I. Bill benefits.

c. Automatic distribution of the 2000 NROTC Bulletin, reference (b), is made to all Navy activities. Additional bulletins may be obtained from the nearest Navy recruiting district office or by calling COMNAVCRUITCOM at 1-800-USA-NAVY.

d. Applicant records and up-to-date selection and placement information may be accessed by calling the automated telephone system at 1-800-NAV-ROTC. To gain access to a record the caller must be calling from a touch-tone telephone and be ready to provide social security number and birth date.

e. Additional information on the NROTC Scholarship Programs can be obtained from the following:

10. Action

a. Commanding officers shall ensure that wide publicity is given to NROTC Scholarship Programs and will encourage and assist all interested, eligible personnel in applying for scholarships. Enclosure (4) may be used in local advertising.

b. Commanding officers shall also ensure that each NROTC Scholarship Program applicant has been counseled as to his or her financial status and the extent of benefits while enrolled in an NROTC Scholarship Program. Paragraph 2b refers.

11. Forms

a. SF 86 (Rev. 9/95), Questionnaire for National Security Positions, NSN 7540-00-634-4036, is available from GSA.

b. DD 372 (11-92), Request for Verification of Birth, S/N 0102-LF-016-7400, and NAVCRUIT 1100/13 (3-81), Interviewer's Appraisal Sheet, S/N 0114-LF-011-0065, are available through Navy supply channels per CD ROM NAVSUP P600 (NLL).

Subj: APPLICATION FOR THE FY00 TWO-YEAR NAVAL RESERVE OFFICERS
TRAINING CORPS (NROTC) SCHOLARSHIP PROGRAM

4. (If applicable) Request a waiver be granted for (indicate type waiver(s) required and specific details).

5. I understand the following statements:

a. I must be found physically qualified for the NROTC Scholarship Program by the Department of Defense Medical Examination Review Board. When qualified, I will receive Permanent Change of Station orders, directing transfer to an NROTC unit via the Naval Science Institute (NSI), Newport, Rhode Island, and I must satisfactorily complete the NSI course of instruction to receive the NROTC Scholarship.

b. Upon entering the Two-Year NROTC Scholarship Program I will be released from active duty, and will cease receiving active duty pay and allowances. My dependents and I will no longer be eligible for medical, exchange, or commissary benefits; and I will not be covered by the Serviceman's Group Life Insurance (SGLI).

c. The U.S. Navy will pay tuition, cost of textbooks, fees of an instructional nature, and a subsistence allowance of \$150 per month for a maximum of 20 academic months. The U.S. Navy will also furnish midshipmen uniforms during those 20 months but will not provide for my room and board expenses. The maximum scholarship entitlement is 2 academic years, defined as four semesters or six quarters. In no case will subsistence allowances cover more than 20 months. In the event that I require more than 2 academic years to complete my degree and qualify for commissioning, I understand that the ensuing costs for additional academic work are at my own expense.

d. Navy option Two-Year NROTC scholarship recipients must complete 1 year of college calculus through differential and integral calculus of one real variable and 1 year of calculus-based physics prior to commissioning (not required for Nurse Corps Option).

e. The Two-Year NROTC Nurse Corps Option scholarship is not transferable to any other facet of the NROTC Program.

6. My reasons for applying for a Two-Year NROTC Scholarship are:
(limit to 1 page)
